

How can UCT and FHS help?

UCT

Research Support Hub

UCT researchers can find the administrative support they need at the [Research Support Hub](#).

The hub offers assistance with:

- [current funding opportunities](#)
- [funding options and research funding contracts](#)
- [research outputs](#)
- [publication count details](#)
- [honorary research associates](#)
- [National Research Foundation \(NRF\) ratings](#)
- [research groupings accreditation](#)
- [Centres of Excellence](#)
- [Electronic Research Administration \(eRA\) system.](#)

UCT (ii)

Researcher development

Training and professional development for researchers at all stages of their careers.

<http://www.researchsupport.uct.ac.za/researcher-development-0>

UCT (iii)

Emerging researcher programme (ERP)

The ERP is for early career academics and includes a wide range of professional development seminars, workshops and research development grants.

Retired or current professors with excellent research and supervision experience are engaged to offer seminars on a wide range of topics such as:

- research planning
- academic publishing
- measuring research impact
- optimising conference attendance
- sabbatical planning
- research ethics
- effective presentation posters
- preparing a CV
- managing online presence
- library resources
- plagiarism
- reviewing a publication
- examining a thesis
- ad hominem promotion criteria
- grant proposal writing.

Summary of Useful Links for UCT Researchers

UCT Research Support Hub: <http://www.researchsupport.uct.ac.za/>

UCT Researcher development webpages (<http://www.researchsupport.uct.ac.za/researcher-development-0>)

The above includes the Emerging Research Programme offered by the Central Research Office (<http://www.researchsupport.uct.ac.za/emerging-researcher-programme-erp>)

Funding opportunities, including internal, national and international (<http://www.researchsupport.uct.ac.za/funding-0>)

People can also subscribe to the Research Mailing list that sends out funding opportunities (from the Central Research Office (Paul Dantu), e.g. lots of NRF opportunities)

FHS funding includes awards from the Faculty Research Committee (postdoctoral fellowships, Harry Crossley fellowships, and other awards that vary over time but can include start-up grants, equipment awards, postgraduate training grants) - these are advertised via the FHS InfoMailer (which people need to subscribe to), the IDM Mailer, and via HODs and DRCs.

Other FHS funding opportunities are advertised here:
<http://www.health.uct.ac.za/fhs/research/funding>

Grant writing advice and guidance offered by the Faculty Research Office (David Choveaux;
<http://www.health.uct.ac.za/fhs/research/funding>)

Support for clinical research (and basic statistics) through the Clinical Research Centre (<http://www.health.uct.ac.za/fhs/research/uct-clinical-research-centre>)

For writing support: FHS writing lab (<http://www.writingcentre.uct.ac.za/about/healthsciences>)
