

International Alliance  
of Academies of  
Childhood Disability

The IAACD and the Southern African Academy of Childhood Disability (SA Child) invite you to take part in the Global Listening and Sharing, a 24 hour virtual session around the globe as we share experiences, challenges and innovations. <https://iaacd.net>

## Towards holistic assessment of the child with autism

### SPEAKER:

**Prof Petrus J de Vries**,  
Professor of Child &  
Adolescent Psychiatry, and  
Director of the Centre for  
Autism Research in Africa  
(CARA) at the University of  
Cape Town, South Africa.

### DETAILS:

In clinical practice we are all aware of the heterogeneity of autism, and we know that an assessment that leads to a simple categorical autism YES/NO conclusion has very limited benefit for intervention planning. Here we will discuss principles of a comprehensive assessment across different levels of needs, including the behavioural, psychiatric, intellectual, academic, neuropsychological, psychosocial and physical.

### DATE:

**6 October 2021**

### TIME:

**16h00- 17h00 SAST**

Please register in advance as the session is limited to **100 participants**:
