

# FHS Research Development Team Monthly “How to...” Seminar:

## How to make sense of the updated NIH sub-award policy requirements

**Dr Jonathan Dugas**

Senior Proposal Development  
Specialist,  
International Grants Hub (IGH)

The NIH has recently updated a section of its Consortium Agreements policy so that specific language must be included in these agreements. These changes are intended to strengthen subaward monitoring to ensure that NIH-funded projects are administered in full accordance with US law. In this session we will cover the policy revision and any implications it might have for you as a subawardee or as a prime awardee."

**Date: 14 February 2024**  
**Time: 13h30 - 14h00**  
**Virtual via MS Teams\***
