2024 SURGICAL UPDATE

PRACTICAL ENDOLUMINAL STENTING WORKSHOP

SUNDAY, 17 MARCH 2024

This endoscopic stenting workshop is designed as a hands-on approach on both porcine and training models allowing for practical experience in the deployment of oesophageal, duodenal and colonic stents, partnering with Boston Scientific and the Surgical Gastroenterology unit at GSH/UCT and is aimed at the novice/beginner wanting to improve proficiency of endoscopic stenting of both colonic and foregut strictures.

Facilitated by; Prof A Boutall, Prof G Chinnery and Dr M Scriba
Surgical Skills Training Centre, Red Cross War Memorial Childrens Hospital

Registration fee is R3000 and this workshop is only open to conference delegates.

REGISTRATION WILL OPEN SOON
