Introduction to R - Friday, 8 March 2024 (10:00-13:00)

In this introductory course, you will learn the fundamentals of the R software and programming environment – how to install R and load data into it – and continue with basic data manipulation, visualization, and usage of basic statistical functions, etc. This short course is for anyone who wants to learn the basics of R.

Instructors: **Kalisha Bheemraj** (Epidemiology & Biostatistics)

Assistants: **Siphesihle Sitholephe, Demi Meyer, Naomi Chitsa and Chad Africa** (Epidemiology & Biostatistics)

Where: Wolfson Lab2

Registration: required - priority given to current students enrolled in the MPH program.

Registration link: <https://forms.gle/927PxoRh8ohpqU3o9>

Fees: No charge for students taking MPH courses, or for staff who are part of the School of Public Health. **R500 / workshop** for people from other departments/faculties, payable by internal fund transfer only
