

ATTENTION: All undergrad Faculty of Health Science students!

Did you know that the FHS has a
Professional Standards Committee?

We need your input to help redefine our current, outdated definition of professional standards. We have heard from staff and junior students, and now **we need input from senior students**- that's you!

Please join us for a focus group to help us think about how to bring our definition into the 21st century. **Refreshments will be provided.**

Date: 17 March

Time: 17:00-18:00

Venue: Department of Obstetrics & Gynaecology,
H Floor, Old Main Building
