Bathroom do's and dont's

Bathroom Occupancy Limit:

DO

- Always wear a cloth mask when entering the bathroom area,
- Sanitize your hands before entering the bathroom area,
- Wash hands after using the facility and ensure you sanitize again when exiting the bathroom area,
- When more than 1 person can enter, keep a 2m distance from each other,
- Leave the toilet area in a satisfactory condition as you would like to find it,
- Report any leaks, malfunctioning equipment immediately,
- Avoid touching surfaces unless hands have been thoroughly washed and sanitized,
- Where door mechanisms and toilet flushing mechanisms do not allow for hands-free operation and/or elbow operation, ensure your hands are sanitized when touching these mechanisms,

DON'T

- Ever take any food or drink into the bathroom area,
- Remove your mask in the toilet cubicle unless you really have to,
- Linger in the bathroom to chat,
- Use cloth towels or hot air dryers.
