# UCT Pesticide Network Discussion Forum

## WHAT IS THE PESTICIDE NETWORK DISCUSSION FORUM?

The Pesticide Network Discussion Forum, established in 2009, aims to encourage **in-depth discussions** on issues regarding **pesticides** and the **regulation of pesticides globally**.

These sessions are presented by **subject matter experts** who propose three focus questions. Participants discuss the questions posed and respond to each other's commentary. The discussion is joined by pesticide regulators, stakeholders, and a range of experts.

**WHEN:** Every 2 months, on a Thursday

**TIME:** 14h00-15h30 (GMT +2)

**WHERE:** Zoom (note: not a webinar but a live discussion in the chat room)

To receive information on upcoming discussions, and digests from past discussions, complete the sign up form.
