

# CHEMICAL NETWORK

The **Division of Environmental Health at the University of Cape Town (UCT)** would like to invite you to join the "Chemical Network".

This network has been set up to **address sustainable chemicals management** on a global scale, with a specific focus on capacity building in low- and middle-income countries (LMICs).

## Key activities of the Chemical Network that you will be privy to as a member:

1. **Regular online discussions** presented by key experts and professionals and focused on key issues for promoting the implementation of the sound management of chemicals.
2. **Engagement with key stakeholders**, such as government officials, industry representatives, academics, NGOs, and IGOs, in chemicals management and knowledge sharing through the online discussions.
3. A **summary digest** of all online discussions, including resources.
4. A **regular newsletter** covering key and current chemicals management issues, and relevant research, policies and opportunities.

## Join the Chemical Network

If you have any questions or concerns please feel free to contact us at [chemicallistserver@gmail.com](mailto:chemicallistserver@gmail.com)

*This network has been produced with financial assistance from Sweden, through the Swedish International Development Cooperation Agency, Sida, which has been arranged by the Swedish Chemicals Agency (KemI). The views herein shall not be taken to reflect the official opinion of Sida or the Swedish Chemicals Agency.*
