

Division of Environmental Health | UCT

## Join the Division of Environmental Health (UCT) Pesticide and Chemical Communities of Practice

### UCT PESTICIDE NETWORK

Aim: to **strengthen sustainable pesticide capacity management** in low- and middle-income countries (LMICs)

### UCT CHEMICAL NETWORK

Aim: to build global capacity for the **sound management of chemicals and waste**, with a focus on LMICs

### Online Discussion

Online discussions, hosted by each network, facilitate **in-depth interactive discussions** on pesticide and chemicals issues, regulations to guidance documents, science, and more.

Discussions, which focus on **3 main questions**, are joined by various stakeholders and presented by subject-matter experts, who all engage in dialogue and exchange commentary.

**WHEN:** Monthly on Thursdays  
**TIME:** 14h00-15h30 (GMT +2)

**WHERE:** Zoom (Live chat room)  
After each discussion, you will receive a summary digest, including resources.

### Newsletter

Both networks produce a regular newsletter to **broadcast pesticide and chemical issues** to a wide range of interested individuals and stakeholders.

The newsletters include an **in-depth article** on a particular topic, and share a curated **selection of the latest news, research, opportunities, and resources** with its members.

**WHEN:** Every Friday, preceding a discussion

#### Pesticide Network

**Join the Pesticide Network**  
**(discussion & newsletter)**

#### Chemical Network

**Join the Chemical Network**  
**(discussion & newsletter)**

*The views and opinions expressed in discussions and newsletters do not necessarily represent the official opinions of the DEH, UCT, SIDA or the Swedish Chemicals Agency (KemI).*
