

**Funding Opportunity Announcement:  
Poliomyelitis Research Foundation (PRF) Research Grants and Major Impact Projects**

The Poliomyelitis Research Foundation (PRF) Research Grants and Major Impact Projects (MIP) funding opportunities are available with an upcoming submission deadline of **28 February 2023**. Please visit the PRF [website](#) for more information. The research grant application form can be found [here](#) and the MIP application form can be [here](#).

**Eligibility:**

- Research grants are awarded to established researchers with a track record of independent innovative research supported by a significant publication record.
- Applicants must be in possession of at least a PhD or equivalent degree.
- For the research grants, in exceptional cases the Principal Investigator may have a master's degree and at least 3 or more years of research experience and publications.

**Application process:**

- UCT Internal requirements:
  - Complete and upload the grant application package to the PRF form on the UCT eRA system by **14 February 2023**.
    - Please use the special PRF form on the eRA system – refer to this [brief workflow](#) for simple instructions on how to do this.
  - A UCT administrator will review your application before a Final Faculty Approver reviews and approves the application as part of the pre-award approval process.
  - Thereafter, the pre-award approval will be advanced to RC&I and a Legal Advisor will be assigned to sign and return the Grants Application Signatory Form to the PI.
  - The PI will complete the PRF online application form and upload all required documents before submitting the application to the PRF.
    - **Please note:** The final submission is actioned by the PI.
  - Funder deadline: **28 February 2023**

Please complete this FHS [intention-to-submit form](#) by **27 January 2023** if you intend applying for this call, and/or require grant writing support. Please note that completion of this form is for the purposes of internal support and tracking, it is not linked to funder application processes and does not commit you to applying to this opportunity.

For any further queries, please contact the [Research Development team](#).
